

Product: Security Shop-Front Shutters
Colours: Natural Finish with Polyester Powder coats available

When you go home do potential customers? No! Unfortunately, neither do thieves. However, the Pasiguard Shopguard 230 or 178 provides you with a practical and economical way to protect your premises yet allows potential customers to see your merchandise at all times.

Manufactured from hard drawn steel rods covered by aluminium sleeving spacers, with vertical aluminium links forming a 230mm x 50mm, or 178mm x 50mm BRICKBOND pattern. Each grille has a galvanized steel T section bottom rail and is restrained in mild steel guide channel fixed to the building using 3mm steel angles and come in galvanized finish as standard, but can be polyester powder coated to any standard RAL/BS colour. The curtain either be face fixed or in certain applications hidden above bulkheads or behind fascia signs. All PASIGUARD SHOPGUARD 230 or 178 grilles are custom made to suit the customer's individual requirements.

Available as electric or manual operation (manual operation max size 3000mm x 3000mm), smooth running is guaranteed by either counterbalanced spring rollers for manual operation, or by a **SOMFY** or Ellard tubular motor for electric operation. Larger grilles (over 600mm x 3000mm) are driven by outboard 3 phase motors

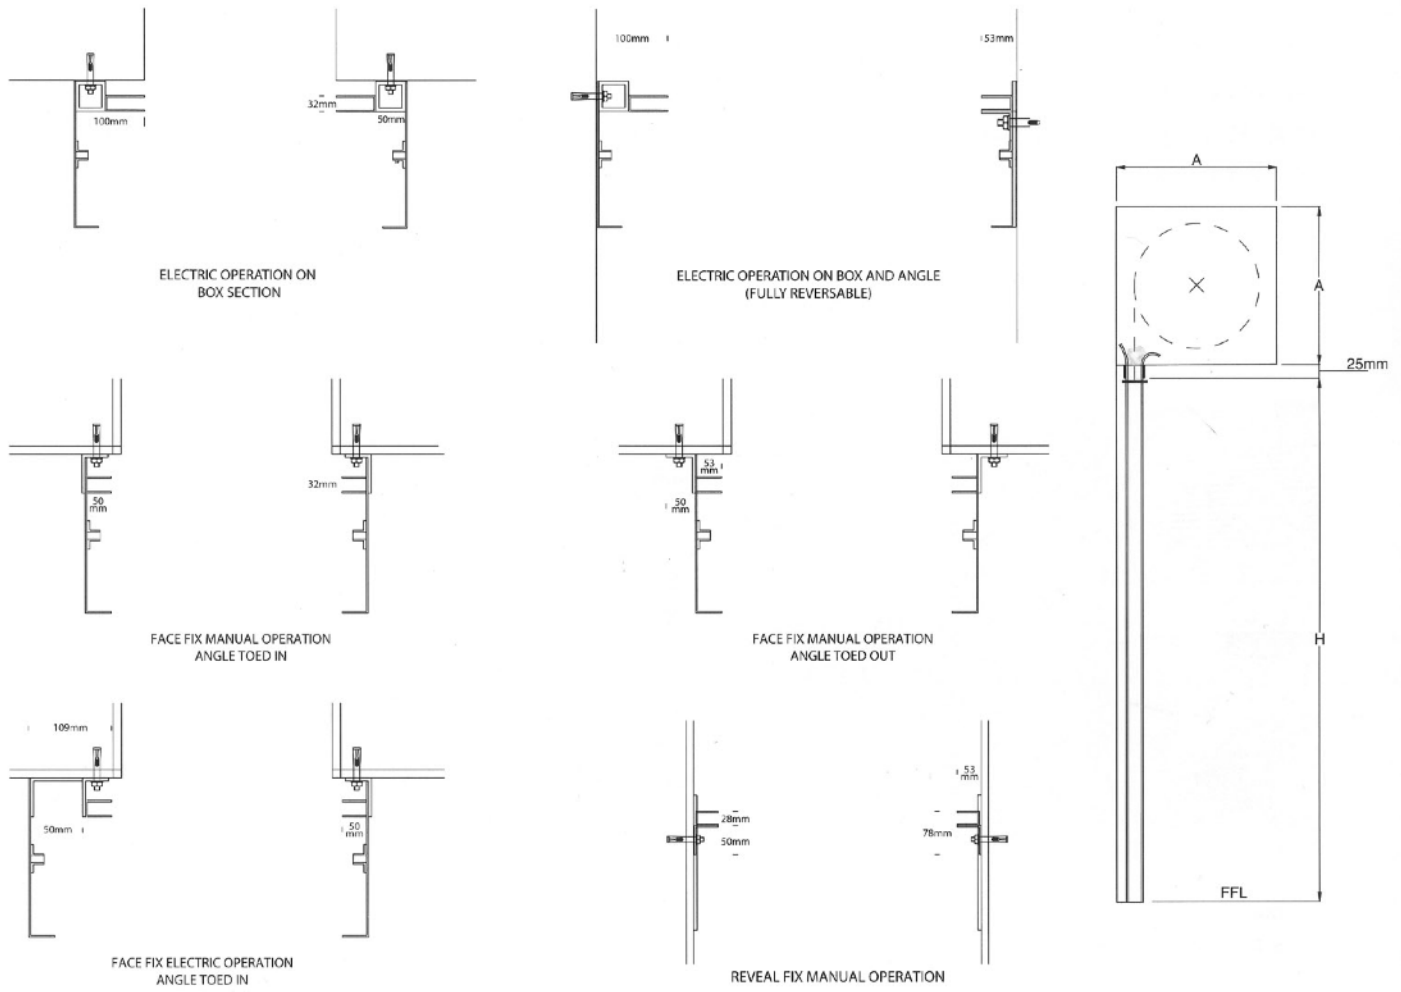

All Pasiguard Roller installations are carried out by our trained operatives who undergo constant training to ensure that they provide as fast, efficient and trouble free fixing as possible. All new Pasiguard Roller shutter installations come with an automatic 12 month fully inclusive warranty.
